Re: DA 12-1863, IB Docket No. 12-340, RM-11683
Public Notices for LightSquared's License Modification Application and Petition

Dear Secretary Dortch:

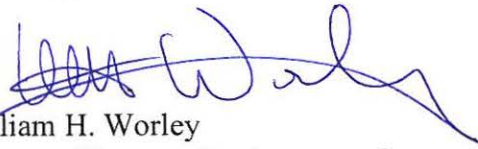

Thank you for the opportunity to submit comments on behalf of LightSquared and its ongoing efforts to build out a new, competitive mobile broadband network. I have followed the northern Virginia company's activities and I want to add my voice to those encouraging you to approve the license modification.

As a businessman, I am convinced this new network can spur much needed economic growth. According to recent studies by the Telecommunications Industry Association and others, every \$10 billion capital investment in wireless infrastructure creates 100,000 American jobs.

If the Commission fails to grant LightSquared's license modification, then we will have no room to complain about our lackluster economic growth and our lack of new jobs. It is as simple as that.

Thank you for moving expeditiously with your review. I sincerely hope you will grant LightSquared's application.

Sincerely,

William H. Worley
Director, Kingston Environmental
